Petrol 5in1 Cleaner

Ref. 2372B - 12x500ml

Ref. 1364B - 6x2L

USE

This concentrated formula contains a unique package of multipurpose additives resulting from the state-of-the-art technology. Used both as a preventive and curative solution, the 5in1 cleaner is the engine cleaning solution that will act on any engine part subject to fuel clogging.

PHYSICAL & CHEMICAL PROPERTIES

Color	Colourless
Physical state at 20°C	Liquid
Kinematic viscosity	< 20,5 mm ² /s (40°C)
Flash point	> 60°C

PROPERTIES

Bardahl 5in1 Cleaner offers the following properties:

- Restores the injector spraying.
- Cleans and protects the entire injection system (injectors and pumps).
- Cleans the turbo, the EGR valve, the gasoline particulate filter (GPF), the exhaust valves and the catalytic converter with no need to dismantle.
- Limits fuel overconsumption.
- Increases power and performance.
- Prevents the replacement of expensive parts.
- Reduces the emissions of polluting gases and helps pass the anti-pollution MOT test.

Compatible with any petrol engine, old and new generation.

INSTRUCTIONS FOR USE

Wait for the fuel reserve warning light to be on.

Pour the contents of a bottle into the tank and add 15L of fuel (35L when using the 2L bottle).

When the engine is warm, drive between 2,500 and 3,000rpm for 20 minutes, and then drive normally until complete consumption of the treated fuel.

Refuel.
